

MANIK SHARMA

Full-Stack Developer

☎ +91-6006810778 ✉ maniksharma2607@gmail.com 🌐 [Portfolio](#) 📄 [GitHub](#) 🔗 [LinkedIn](#)

Summary

Full-Stack Developer with expertise in React, TypeScript, and FastAPI, plus game development experience leading Unity-based mobile projects. Proven ability to architect scalable systems, mentor development teams, and deliver user-focused applications. Strong foundation in frontend performance, backend APIs, clean architecture, and cross-platform development.

Technical Skills

Programming Languages: JavaScript, TypeScript, Python, C#, C++, Java

Frontend: React.js, Next.js, Tailwind CSS, Shadcn/UI, Vite

Backend: Spring Boot, FastAPI, Node.js, REST APIs

Databases: MySQL, MongoDB, Firebase

Game Development: Unity Engine, C# Scripting, Unity Ads SDK, VFX Graph

Tools & Platforms: Git, GitHub, Linux, Vercel, AWS, Docker

Experience

Game Developer Intern🔗

April 2025 – January 2026

Bleeding Pixels Studio

New Delhi, India

- Led development team building mobile game using Unity Engine and C#, architecting 12+ interconnected manager systems with singleton patterns and event-driven communication for scalable game architecture
- Coordinated cross-functional team implementing monetization strategy using Unity Ads SDK (rewarded, interstitial, banner) with dynamic progression tracking across iOS and Android platforms
- Designed progression system featuring dynamic difficulty scaling algorithms, combo multipliers, achievement tracking, collectible systems, and 25-level checkpoint architecture with persistent state management

Projects

ADDA - Akhnoor District Demand Association 🔗

Dec 2024 – Present

Next.js, TypeScript, React, Tailwind CSS, Firebase, MongoDB

- Built full-stack community platform for civic engagement featuring dynamic blog system, admin dashboard, and role-based content management with 100+ active users
- Implemented dual database architecture (Firebase/MongoDB) with RESTful APIs and Firebase Authentication for secure data persistence and real-time updates

SpellWave

Sep 2024

React.js, TypeScript, Tailwind CSS

- Developed interactive web-based spelling practice platform with text-to-speech API integration, helping users improve vocabulary and listening comprehension
- Implemented React Context API for global state management of configurable voice, pitch, and speed settings with real-time user preference persistence

Musica

Mar 2023

React.js, Python, FastAPI, REST APIs

- Built full-stack music download application integrating React frontend with FastAPI backend for efficient web scraping and API communication
- Developed RESTful API endpoints handling asynchronous requests, error handling, and rate limiting for reliable service delivery

Education

B.E. in Computer Science and Engineering <i>Sri Krishna College of Engineering and Technology</i>	2023 – 2027 <i>Expected Graduation: 2027</i>
Class XII – CBSE <i>Army Public School</i>	2022 – 2023 <i>83%</i>
Class X – CBSE <i>Army Public School</i>	2020 – 2021 <i>CGPA: 8.2 / 10</i>

Soft Skills

Leadership — Team Collaboration — Communication — Agile Development — Problem Solving — Code Review — Technical Mentorship

Achievements

- Successfully led game development project from concept to deployment with monetization integration
- Built and deployed 3+ production web applications serving 100+ users with 99% uptime
- Open Source Contributor to Godot Engine (C++), submitting pull requests, bug reports, and feature proposals to improve engine functionality (Merged PRs)
- Maintains active GitHub profile with 50+ repositories showcasing full-stack development, game development, and AI experimentation
